

Strategy and Resources - November 2024 - Appendix G – Risk Register

As part of FTP2 planning, all FTP risks are being reviewed and a decision will be made on whether they are applicable, if so they will be rolled into FTP2. Some of the existing FTP risks will be closed as part of this process. As planning of the programme develops, risks will be considered and added to a new risk register.

24	Operations - Grounds Maintenance	There is a risk associated with timescales to deliver the Grounds Maintenance plan since the implementation date cannot be delayed. July 2024 has been agreed as a go/no-go decision point at which point costs should be clear and next steps will be agreed, however this does not leave much time for contingency/overruns and implementing of an alternative model if needed.	16	<p>Review whether any of the tasks can be run in parallel or shortened leading up to July.</p> <p>Ensure timelines provided by Operations, Legal and Procurement team are reviewed when developing the overall delivery plan.</p> <p>If costs are higher than expected, alternative approach on service specifications may need to be considered.</p>	<p>November 2024 - Award to successful supplier made during October, implementation aiming to be December, critical path planning in progress to achieve this date. Planning in progress for implementation - Score reduced to 4.</p> <p>September 2024 Detailed plan in place - regular board meetings including Procurement delivery stakeholders to ensure progress is as per plan.</p> <p>January 2024 - Detailed plan in place - to be agreed with all owners - i.e. procurement and legal suppliers and ensure all resources are aware of their responsibilities.
