

APPENDIX H5

APPENDIX H5

Dr. Graham Staunton

I will renew my objection to the licensing of this property. I live nearby, and I am very concerned about the noise and disturbance the premises will cause in the area. I believe it is likely to attract rowdy crowds and I understand it has outdoor seating. The disturbance this would cause is likely to affect me and all the neighbouring families that live nearby.

I would therefore like this representation to be considered in the application for the license and would like to attend any hearing.
